

ValuLift Electric Height Adjustable Table Specifications:

The ValuLift brings high-end design and performance into the realm of affordability. Some of the key features are no stretcher bar between the legs for leg placement flexibility to accommodate a variety of shapes and sizes. The simple operation of the Up/Down height adjustment enables you to quickly change between sitting and standing. The Up/Down key function on the controller simultaneously operates both electric drives, integrated in the 2 columns, quietly and quickly.

Top Construction: Special•T table tops are nominal 1-1/4" thick. Core is 1-1/8" thick 45# M3 industrial strength density particle board. The top surface is laminated with High Pressure Laminate (HPL) and the bottom is covered with a balance backer. Standard edge is 3mm PVC. Other edges available*

- Premium Vinyl
- Premium Vinyl with Flat Sides
- Wood
- PurTech Urethane
- PurTech Urethane with Flat Sides
