

STRUCTURE-Fountain Assembly Instructions

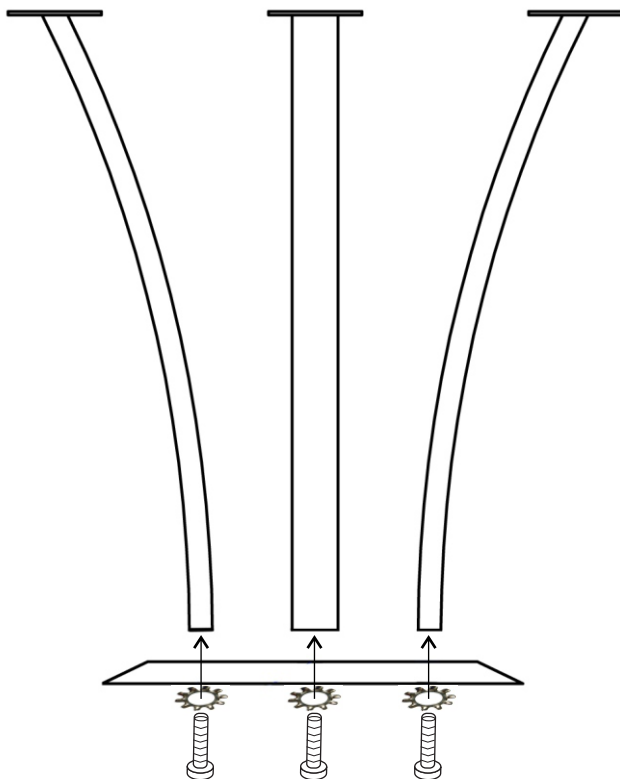

Parts Included:

- (1) Packet of hardware
- (4) 13mm Alan head bolts
- (4) external tooth washers
- (36) wood screws
- (4) Columns (RSF-4COL)
- (1) Floor plate (RSF-xxP)

Tools Needed:

- Phillips screwdriver or impact drill
- 3/8" hex bit
- 13mm socket
- #3 Phillips bit
- Safety glasses

Instructions

1. Align the connecting columns to be perpendicular with the floor plate.
2. Using the provided hardware (bolt and lock washer), attach the column to the floor plate with the 13mm socket and impact drill.
3. Lay the table top upside down on cardboard or carpeted surface.
4. Position an assembled base onto the table top and align holes in mounting plates with predrilled holes in table top.
5. Using 3/8" hex bit and impact drill or #3 Phillips bit, install screws from hardware pack through the mounting plate and into the table top.
6. Flip table upright to ensure the table is functional and stable.
