ASSEMBLY STEPS

1-2

Lay the tabletop upside down on a piece of cardboard or carpeted surface.

Position the legs on the table edge and align holes in the mounting plates with the pre-drilled holes in the table top. Use every hole in the mounting plate to attach the legs with screws.

3

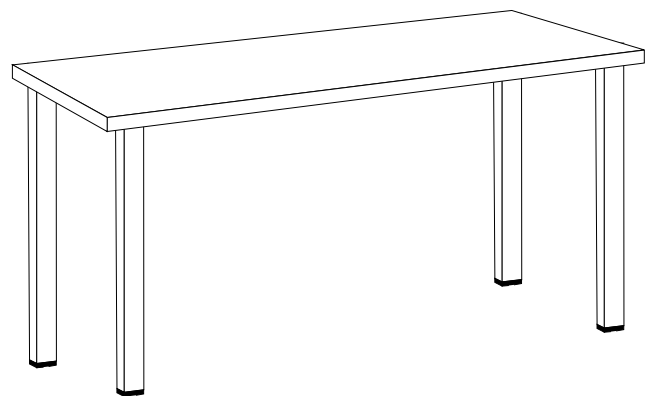

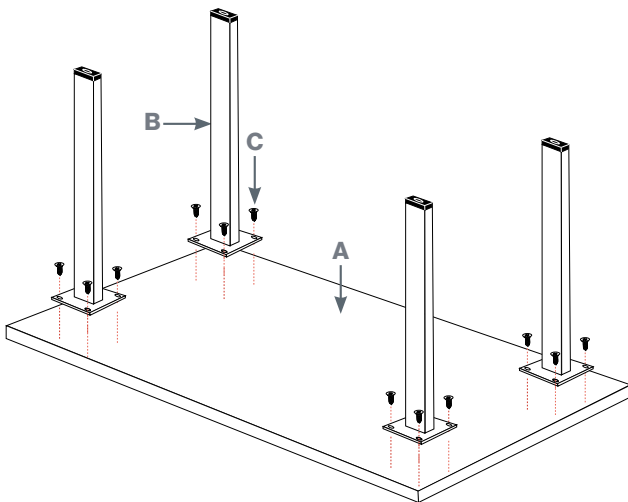

If a steel table support is provided, attach it in the center of the table between the table columns (legs).

NOTE

If using optional casters, install using a 13mm wrench.

4

Holding onto the edges of the top, carefully turn the table over into the upright position.
