ASSEMBLY STEPS

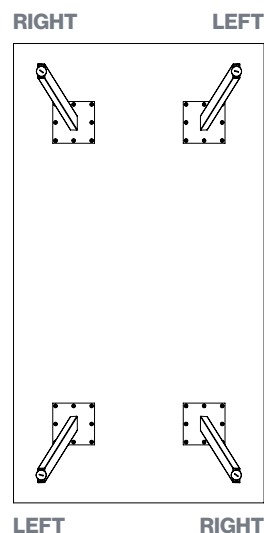

START BOLTS BY HAND TO PREVENT CROSS THREADING

1. Lay the table top (A) upside down on a cardboard piece or carpeted surface.
2. Align the Left (B) and Right (C) AIM legs with the pre-drilled holes so the legs are angled towards the corners of the tabletop.
3. Fasten the Left (B) and Right (C) AIM legs to the Tabletop (A) using the wood screws (D).
4. Carefully turn the table to upright position.
